Ms. Dawn Boston
Wildcat Creek Solid Waste Management District
2780 N. 9th Street
Lafayette, Indiana 47904

Dear Ms. Boston:

Congratulations! You have been selected to receive two Indiana Household Hazardous Waste Grants from the Indiana Department of Environmental Management (IDEM). The first grant in the amount of \$10,000 is to fund disposal costs in support of your household hazardous waste program. The second grant in the amount of \$18,760 is for administrative, mercury recycling, and education/promotion costs for the continuation of the Mercury Awareness Program as a regional hub for the handling, storage and recycling of mercury and mercury-containing devices. I am pleased that we are able to assist the Wildcat Creek Solid Waste Management District in support of your household hazardous waste programs.

Funding is made available by the state legislature under IC 13-20-20 to provide grants for projects involving the collection, recycling, or disposal of household hazardous waste and conditionally exempt small quantity generator waste and under IC 13-20-22-2 to provide grants to implement household hazardous waste source reduction or recycling projects.

These grants will be administered by IDEM's Office of Pollution Prevention and Technical Assistance, Source Reduction and Recycling Branch. The grant agreement is being sent under separate cover. You should be in receipt of this within a few days. If you are interested in more information about these grants or the criteria for obtaining these grants, feel free to contact Steven Boggs at 800-988-7901.

Sincerely,

Thomas W. Easterly
Commissioner
